

DAILY WAR REVIEW

SATURDAY.

Following quickly the resignation of Ensign Krylenko, the Bolshevik Commander-in-Chief, the resignation of Leon Trotsky, the Commissioner of Foreign Affairs, was announced at a Maximilian meeting in Petrograd. While his colleagues in Bolshevik authority are dropping away from him, Nikolai Lenin, the Bolshevik Premier, is bending every effort to insure ratification by the Russian Congress of the peace treaty signed with Germany. Meanwhile there are reports that a movement by the Social Revolutionists, launched at a Moscow conference, has as its aim the ousting of the Bolshevik Government and the repudiation of the peace treaty.

Twenty Americans have been killed in action according to the first expurgated casualty list, which gave only the names of the officers. In the lists issued it was shown that two airmen had been killed, six soldiers had been killed in action and twelve had succumbed to natural causes.

Victor L. Berger, former Congressman from Wisconsin; Adolph Germer, national secretary of the Socialist party; Irwin St. John Tucker, a Chicago Socialist; J. Louis Engdahl and William F. Kruse, the two latter editors, were indicted by the Federal grand jury in Chicago charged with obstructing recruiting, encouraging disloyalty and interfering with the prosecution of the war.

The Committee on Public Information, at the request of Gen. Pershing, will suppress from newspapers the names of next of kin and addresses of men who are killed in action or victims of disease in France. This action is taken to keep from the enemy information as to the units now in France, information so valuable to the Germans that they give their lives daily in attempts to pick up an American prisoner for the purpose of gaining information.

According to reports through Stockholm, Germany apparently is preparing to put a member of the house of Hohenzollern on the throne of a Finnish kingdom. The "Finnish Government" it is stated, has asked Emperor William to appoint Prince Oscar, his fifth son, King of Finland. Germany recently announced her intention of sending a military expedition to Finland, whose claim to independence she had previously acknowledged.

Seventeen ships of a total of 120,700 tons were launched during February under America's shipbuilding program, and it is estimated by Shipping Board officials that the March deliveries would reach a total of twenty-three ships.

Washington, March 11.—American initiative has asserted itself on the Lorraine front in France. Three savage raids on the German lines have been made by the Americans, who succeeded in reaching the second line of enemy trenches before being ordered to return. During their stay in German-held territory they destroyed carefully built defenses and picked up much war material.

The American artillery ably assisted the infantry in the operation. A heavy barrage fire was laid down in front of the advancing Americans and the Germans had fled before the wave of infantry reached the hostile positions. After the Americans had been in the German trenches for a few minutes the German barrage fire was loosed on them but the American guns answered shot for shot and silenced a number of batteries. The American artillerymen used gas shells with good effects. Near Toul the American heavy guns have been in action.

Three raids on the British lines have been attempted by the Germans in the Armentieres, but the British, in spite of a heavy fire from the enemy's heavy guns, repulsed the Teutons. The fighting has spread along the Flanders front the Ypres and Passchendaele figuring in the official reports.

The activities of the contending armies have spread further south, encounters near St. Quentin being mentioned for the first time in recent weeks.

Information received from German prisoners was responsible for the disclosure of German plans for heavy attacks on the British southeast of Houth

holst Wood. On February 20, February 28, and March 8, attacks were forestalled by a terrific British artillery fire and, while an enemy attack on March 9 was successful to some degree, the British on Saturday succeeded in re-establishing their lines.

The British forces operating in Palestine have once more advanced north and northwest of Jericho. They have taken positions to a depth of 3,000 yards over a front of twelve miles. The Turks fought stubbornly at various points of vantage.

A CHILD GETS CROSS, SICK AND FEVERISH WHEN CONSTIPATED

LOOK, MOTHER! IF TONGUE IS COATED CLEAN LITTLE LIVER AND BOWELS.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

WAYNE, WEST VA.

Kiah Adkins of Dunlow has sold his farm to Mrs. Susan Asbury and son C. W. Asbury, postmaster at Dunlow. Mr. Adkins has not yet decided where he will move, but it is rumored that he may buy Mr. Hunt's home and move to Wayne.

Dr. J. R. Keese and his wife left the first of the week for Fort Oglethorpe, Ga. The doctor enlisted several weeks ago in the medical reserve corps and was called to begin service March 1. He has been given the rank of first lieutenant.

A damage suit of French A. Harper, Adm. estate of Howard Stover, deceased against the C. & O. Ry. Co. was tried in the circuit court of this county last week.

Stover had been employed at Akron, Ohio, and had contracted rheumatism. The evidence was that he had recovered to some extent, leaving him a very weak heart, but his physicians stated that he was able to be moved in a baggage car from Akron to his home in Raleigh county, this state.

It seems that he had stood the trip very well till he arrived at Kenova. There he was changed from the N. & W. Ry. to the C. & O. and in attempting to load the sick man the employees dropped him, causing immediate and intense suffering from heart trouble. The patient was moved to Huntington, where he died in a few hours later.

The legal battle lasted practically five days. The jury was out about 59 minutes, when it returned a verdict against the railway company for the full amount asked in the suit, \$10,000.

A motion was made to grant a stay of sixty days and it is generally conceded that an appeal to the supreme court of the state would be taken.—News.

A Letter From Camp Taylor

Well, I suppose some of our Big Sandy friends would love to hear from the Lawrence county boys and as I promised to write to several of my friends, but find that I haven't got much time for writing. Will take this method of writing to all.

We arrived in Camp Taylor at 12 o'clock Monday night, went to bed at 2:30 and got up at 5:45 a. m. It sure was a sleepy bunch of Lawrence county rookies that fell out for reveille Tuesday morning.

We are all having a fine time and well satisfied. We Lawrence county boys are all together as yet but don't know how soon we will be transferred to some other quarters.

All week there were hundreds of soldiers arriving in camp daily; at present there are about 40,000 rookies and trained soldiers here.

The barracks are all built the same size, each one holding 240 men.

I would like for the folks back home to see us washing our mess kits, making our beds and polishing up around our quarters each morning. Of course the mess kits must be washed three times daily, but the other two jobs mentioned are only done each morning.

We were vaccinated and inoculated for smallpox and typhoid fever last Tuesday and will get another "shot" next Thursday. Some of the boys are dreading the next one as it made some awful sick for a few hours.

Camp Taylor is a lively place, so much so that a fellow can't get lonesome here. We have several different places of amusement to go to of evenings. We have one as fine theaters here as you will find anywhere.

Well as I am on duty as room orderly and only got off long enough to write this letter will close.

Would appreciate cards from Lawrence county friends.

Success to the dear old NEWS and friends back home.

BEN F. BENTLEY, 28th Co., 8th Bn., 159 Dpt. Brigade, Camp Taylor, Kentucky.

IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH

THE MOMENT "PAPE'S DIAPEPSIN" REACHES THE STOMACH ALL DISTRESS GOES.

"Really does" put upset stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation in five minutes—that's just what makes Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food or water; head is dizzy and aches; breath foul; tongue coated; your insides filled with indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmless-ness.

A large fifty-cent case of Pape's Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest antacid for the stomach in the world.

GLADYS.

Several from here attended church at Polley's chapel Sunday night.

Several of our boys left for Camp Taylor where they will be trained as U. S. soldiers. We are proud of our boys, although we may shed tears at parting, but still we wish them God speed, a safe journey and a quick return. We believe our boys will do their duty and stand by the dear "Red, White and Blue" to the end like brave heroes. May God bless them all.

We are having some fine weather just now and our farmers are preparing their farming implements for work and the lasses are getting ready their sun bonnets and gloves preparing for real work. Who would not love a farmer's life?

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would grip me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape."

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects. It has won the praise of thousands of people who have used it.

MILAN HATS FOR LITTLE GIRLS

When little girls arrive at five years, and from then on until they reach the flapper stage, they come into possession of such fascinating straw hats as those pictured here. Easter will be joyous to the little miss who greets it in either of these hats. Both are of fine Italian milan. One has a sash of blue velvet ribbon and rows of blue satin buttons, and the other is adorned with velvet ribbon and bunches of grapes.

BLAINE.

The Union Gas & Oil Co., has just drilled in a good oil well on the farm of Dan Skaggs at Martha, 5 miles west of Blaine. The strike was made Sunday morning and bailed out 100 gallons of oil and the well shows up for a good producer.

The Clinton Gas & Oil Co., of Huntington, W. Va., which holds a large boundary of oil land in Lawrence and Elliott counties is preparing to drill on the farm of E. S. Johnson on the right fork of Cains creek. The derrick is completed and they will commence drilling as soon as the machinery gets in.

Mr. and Mrs. W. I. Osborn, who have been living near Blaine for the last two years, have moved back to West Va. Mr. Osborn is an experienced miner and will work in the mines near Marytown, W. Va.

Mrs. Frank Damron and two sons were the guests of Mr. and Mrs. A. W. Osborn Saturday night.

Misses Pearl Bates and Grace Sweetnam have gone to Louisa to enter school.

Miss Mabel Ferguson was the guest of Miss Charline Evans Sunday.

Frank Damron was down the river last week on business.

E. J. Moore and two sons were visiting Mr. and Mrs. A. W. Osborn Sunday.

Isaac Rice, who moved to Ohio last fall is back on a visit.

Rev. Hay and others began a revival meeting at Knob Branch church house last Monday night. Well up a great deal of good will be done.

On last Saturday afternoon there was quite an excitement here. While G. N. Wellman and wife were waiting on their customers, the foundation of the storehouse gave way causing one and all to be thrown about six or eight feet. Goods were scattered all over the house, about 50 dozen eggs were broken and a large quantity of medicines, brushes and glass were wrecked. Mr. Wellman's loss is estimated at about \$120. The house belongs to Gambill and Rogers. They have a crew of men working on the house putting it back in shape for business.

BIG CHIEF.

Germany's drive in Russia is an effort to shift the center of gravity, but the key positions of the war still are in the West, according to Secretary Baker's review of the week's activities. Mr. Baker points out that Germany is not desirous of going against the strong lines of the Allies in France, and would like to shift operations to some other section. But the war must be won in the West, says the reviewer.

SUBSCRIPTION PRICE TO BE INCREASED

BIG SANDY NEWS ANNOUNCES

NEW RATE AND PROBABLE DATE.

Increased and increasing costs of everything entering into the making of a newspaper have forced us to a conclusion against which we have been fighting for more than a year; and that is, the inevitable necessity of increasing the subscription price of the Big Sandy News to \$1.50 per year. The situation demands either this or a considerable reduction in the size of the paper. We have chosen the former, and instead of reducing the efficiency of the paper we are planning to improve it.

Probably Next Month.

It is our present intention to put the increase into effect sometime in March. Until that time we shall receive subscriptions at the present rate of one dollar per year. Subscribers may pay as far ahead as they desire at the old rate if they do so before the increased price is put into effect.

The Reason Why.

Recently we received notice of a big advance in the cost of a certain quality and color of ink which we use to a considerable extent in our job printing department. The manufacturer said the coloring matter required had advanced one thousand per cent in cost. This is an extreme instance, but there is a general increase all along the line, touching every department of the newspaper and printing business. Therefore, we must do what everybody else is doing—raise the price of our product.

The manufacturer, the merchant, the farmer, the laboring man, the tradesman, the postoffice department, the butcher, the baker and all the rest are meeting the increased costs by raising prices. They can not do otherwise, neither can we.

The dollar paid us by the farmer a few years ago bought from three to six times as much farm products as it will buy to-day.

Hundreds of weekly newspapers in the United States have raised their price to \$1.50 and \$2.00 during the last year or two, and the list is being added to every day. The daily newspapers of the country have, with few exceptions, increased their prices. Those that said at one cent now bring two cents. In New York City in January three leading newspapers doubled their selling price.

We believe our patrons will appreciate the effort we have made to keep the price of our paper down and will willingly grant the increase. But in order to be entirely fair to them we are giving advance notice and the privilege of paying ahead at the old rate of one dollar per year.
